

Transfusion Medicine is proud to announce that we had 4 papers selected for publication in the September 2012 special edition of Transfusion. Along with the publications, these papers were presented at the 2012 AABB Annual Education Meeting in Boston, Massachusetts from October 6 through October 9, 2012.

The selected works and authors are as follows:

Restructuring the Clinical Laboratory Science Student Rotation Using Program Design Concepts

April Hord and Dr. Kimberly Sanford

Utilization of the Blood Bank QuickView Page (selected for oral presentation)

April Hord, Steve M. Armstrong and Dr. Kimberly Sanford

The Development Of Alloantibodies In Patients That Demonstrate Capture-R Solid Phase Phenomenon

Tonya Meade, Steven M. Armstrong and Dr. Kimberly Sanford

Efficient Transition from Immucor's Galileo to Neo: A Project Management Success Story

Steven M. Armstrong, Natalie Case and Dr. Kimberly Sanford
