## **Buprenorphine Screen, Urine – STAT Test Now Available**

**Orderable:**      Buprenorphine Screen, Urine [LAB1232697]  
                         Pediatric Trauma Drug Screen and Reflex, Urine [LAB123125343]

**Effective January 28<sup>th</sup>, 2026, the availability of the Buprenorphine Screen, Urine has expanded to include 24/7 STAT testing.**

### **Explanation:**

Previously, Buprenorphine Screen, Urine testing was available in the laboratory only Monday through Friday from 0900 to 1700, with a standard turnaround time of six hours. To improve accessibility and responsiveness, providers will now have the option to select either routine testing or STAT testing based on critical need. This change is intended to support more timely decision-making and enhance patient care.

In addition, Buprenorphine Screening has been added to the Pediatric Trauma Drug Screen and Reflex, Urine (Test code: 1230125343). Reflexive confirmation specimens will be sent to LabCorp for analysis as is the current practice.
