

Lipase – Reference Interval Change

Effective August 25th, 2026, the reference interval for Lipase results will change from 8 – 78 U/L to ≤ 64 U/L. The Pathology Laboratories are going live with a new reagent formulation for Lipase. In conjunction with this change, the reference interval will also be updated:

Previous Reference Interval	New Reference Interval
8 – 78 U/L	≤ 64 U/L
