Lorin Bachmann, PhD, DABCC

Professor, Department of Pathology Co-Director, Clinical Chemistry Virginia Commonwealth University October 2007 - Present Office: 804-828-6407 Fax: 804-828-5120 Lorin.Bachmann@vcuhealth.org

Professor of Pathology Co-Director of Clinical Chemistry Co-Director of Point of Care Testing Director of the New Kent Emergency Department Laboratory

Lorin Bachmann, PhD, DABCC, joined the VCU Department of Pathology in 2007. In addition to VCU service responsibilities listed above, Dr. Bachmann also serves as the Technical Director for the VCUH Anesthesiology Laboratory, Technical Director for the VCUH Clinical Pathology Research Services, and Laboratory Director for multiple VCUHS outreach laboratories.

Dr. Bachmann received a PhD in Molecular Medicine from the University of Virginia, followed by a fellowship in clinical chemistry and proteomics research at the University of Virginia. She is certified by the American Board of Clinical Chemistry. Dr. Bachmann is a member of the Clinical Laboratory and Standards Institute (CLSI) Expert Panel on Clinical Chemistry and Toxicology, the CLSI Board of Directors, the College of American Pathologists (CAP) Accuracy Based Programs Committee, and the National Kidney Disease Education Program (NKDEP)/International Federation of Clinical Chemistry Laboratory (IFCC) Joint Lab Working Group. Dr. Bachmann's research interests include evaluation and validation of new clinical laboratory assays, clinical laboratory analyzer design, development of mass spectrometry-based assays for the clinical laboratory, and standardization of laboratory testing. She serves as principal investigator for government and industry-sponsored studies. Dr. Bachmann has received numerous awards for her contributions to professional societies, education, and research.

Clinical Specialties: Clinical Chemistry and Laboratory Medicine, Point-of-Care Testing, Clinical and Translational Research

Education

1996	BS, Biology/Medical Technology, Virginia Tech, Blacksburg, VA
2005	PhD, Molecular Medicine, University of Virginia, Charlottesville, VA
2005	Biotechnology Training Program Fellow, University of Virginia, Charlottesville, VA
2007	Clinical Chemistry and Laboratory Medicine Fellow University of Virginia, Charlottesville, VA

Licenses & Certifications

1996	American Society of Clinical Pathologists (ASCP), Medical
	Technologist (MT)

2008 Diplomate of the American Board of Clinical Chemistry (DABCC)

Selected Awards & Honors

2022	CLSI Service Award: Clinical and Laboratory Standards Institute
	(CLSI). Awarded for contributions to CLSI C62 guidelines document,
	Liquid Chromatography Mass Spectrometry Methods
2019	Plenary Lecture Award: Clinical and Pharmaceutical Solutions
	through Analysis (CPSA). Awarded for contributions in clinical
	analysis across disciplines.
2017	Outstanding Speaker Award: American Association for Clinical
	Chemistry (AACC)
2017	Excellence in Education Award: American Association for Clinical
	Chemistry.
2016	CLSI Service Award: Clinical and Laboratory Standards Institute
	(CLSI). Awarded for contributions to CLSI C57 guidelines document,
	Mass Spectrometry for Androgen and Estrogen in Serum

Recent Grants and Funding

Currently active

Evaluation of Use of Single Donor Urine Specimens for Commutability Assessment of Reference Materials for Development of Reference Measurement Systems for Urine Albumin.

Sponsor: National Institutes of Standards and Technology (NIST). Role: <u>Principal Investigator</u> 7/17/2023-7/16/2024

Former Grants

Alinity i Transplant Assay Clinical Evaluation Protocol.

Sponsor: Abbott Laboratories. Role: <u>Principal Investigator</u> 5/16/2019-2021

Alinity i STAT hsTnl Design Validation.

Sponsor: Abbott Laboratories. Role: <u>Principal Investigator</u> 1/1/19-12/8/20

Evaluation of Harmonization of Urine Albumin Measurement.

Sponsor: National Kidney Disease Education Program (NKDEP)/National Institutes of Diabetes and Kidney Disease (NIDDK) Role: <u>Principal Investigator</u> 5/1/2010-4/3/2012

Professional Service (outside)

2023-present	Member, Board of Directors, Clinical Laboratory and Standards Institute (CLSI).
2023-present	Member, Clinical Laboratory and Standards Institute (CLSI) Expert Panel on Clinical Chemistry and Toxicology.
2022-present	Member, Document Development Committee, Clinical and Laboratory Standards Institute (CLSI), CLSI EP21/EP46, Total Analytical Error.
2021-present	Member, Document Development Committee, Clinical and Laboratory Standards Institute (CLSI), CLSI EP44, a revision of CLSI EP28-A3c, Verifying Reference Intervals in a Medical

Laboratory.

2019-present	Member, National Kidney Disease Education Program/International Federation of Clinical Chemistry Laboratory Joint Working Group (NKDEP/IFCC LWG) for Standardization of Urine Albumin.
2019-present	Member, College of American Pathology Accuracy Based Programs Committee.

Recent Invited Presentations

LC-MSMS 101: Getting Started with Quantitative LC-MS/MS in the Diagnostic Laboratory (4-day workshop). Virtual Short Course, 2023.

Albumin Harmonization: Impact on Serum, Urine, and Body Fluid Interpretation. American Association for Clinical Chemistry (AACC) Annual Scientific Meeting, Chicago, IL, 2022.

CLSI EP26, User Evaluation of Acceptability of a Reagent Lot Change, Clinical and Laboratory Standards Institute, Internationally broadcast webinar 2022.

Perspectives on Quality Control Challenges in the Clinical Laboratory. American Association for Clinical Chemistry (AACC) Annual Scientific Meeting, Chicago, IL, 2022.

Best Practices to Recover from an Out-of-Control Event, Bio-Rad Quality Control Conference, National Webinar. 2021.

Plenary Session: The Impact of Bioanalytical Decision Making on Patient Care. Clinical and Pharmaceutical Solutions through Analysis (CPSA) Annual meeting, PA.

Measurement of 25-OH Vitamin D using a fully integrated, automated sample preparation system for LC-MS/MS in the routine clinical laboratory. 6th Shimadzu International Collaborative Laboratory Forum, 2018, Fukuoka, Japan.

Evaluation of the Shimadzu CLAM 2000 LCMS 8050 integrated system. Shimadzu Headquarters Meeting, 2018, Kyoto, Japan. Quality Assurance - The Path to Peace of Mind: Design a Customized and Effective Quality Assurance Program for Your Laboratory, Mass Spectrometry Applications to the Clinical Laboratory (MSACL) annual meeting, 2018, Palm Springs, CA.

Standardization of Urine Albumin Assays, IFCC WorldLab Annual Meeting, Oct 2017, Durban, South Africa.
