VCU Pathology Grand Rounds

"Prognostic value of Immune microenvironment in Ductal Carcinoma In situ (DCIS); a literature review"

Elham Arbzadeh, MD

Surgical Pathology Fellow
Department of Pathology
Virginia Commonwealth University,
VCU School of Medicine

At the conclusion of this activity, the participant will be able to:

- 1. Describing the current approaches to diagnosis and management of Ductal carcinoma in situ (DCIS)
- 2. Discussing potential mechanisms of DCIS progression to invasive cancer
- 3. A review of prognostic significance of immune microenvironment including immuno-oncological biomarkers and tumor-infiltrating lymphocytes (TILs) in DCIS

In support of improving patient care, VCU Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Accreditation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

Credit Designation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit(s)**TM. **Physicians should claim only the credit commensurate with the extent of their participation in the activity.**
