

VCU Pathology Grand Rounds

“Revealing breast cancer immunomodulatory mechanisms through genetic manipulation of Treg cells”

Paula Bos, PhD
Assistant Professor of Pathology
Pathology Department
VCU School of Medicine

At the conclusion of this activity, the participant will be able to:

1. Highlight the role of the tumor microenvironment in the regulation of breast cancer progression
2. Demonstrate the value of utilizing genetic models to understand the biology of cancer
3. Learn the cellular and molecular players downstream of Treg cells in breast cancer

In support of improving patient care, VCU Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Accreditation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

Credit Designation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit(s)**™. **Physicians should claim only the credit commensurate with the extent of their participation in the activity.**
