

“Uncommon Breast Lesions Explained: From Histology and Molecular Characteristics to Clinical Outcomes”

Lorraine Colón-Cartagena, MD

Assistant Professor of Pathology

Professor

Yale School of Medicine

At the conclusion of this activity, the participant will be able to:

1. Enhance the understanding of histological features of uncommon breast lesions to facilitate recognition and classification of these entities
2. Recognize and analyze the genomic landscape of uncommon breast lesions to improve their classification and inform targeted therapeutic approaches
3. Comprehend the clinical behavior of these lesions, including their natural history, progression, prognosis and implications for patient management and treatment strategies

In support of improving patient care, VCU Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Accreditation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

Credit Designation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit(s)**™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
