

"Neuroblastoma: The Exception or Epitome of Pediatric Tumors?"

Jason A. Jarzembowski, MD, PhD

Vice Chair (Pediatric Pathology) and Professor
Department of Pathology
Medical College of Wisconsin
Medical Director, Pathology and Laboratory Medicine
Children's Wisconsin

At the conclusion of this activity, the participant will be able to:

1. Correctly classify neuroblastic tumors using the current International Neuroblastoma Pathology Classification
2. Identify therapeutic and prognostic implications of pathologic features in neuroblastic tumors
3. Compare and contrast the biologic, clinical, and pathologic features of neuroblastoma with those of other common pediatric tumors
