

“Vexing Vulvar Lesions: An Update in HPV-Independent Precursors to Vulvar Squamous Cell Carcinoma”

Taylor M. Jenkins, MD
Assistant Professor of Pathology,
University of Virginia

At the conclusion of this activity, the participant will be able to:

1. Identify and differentiate usual-type vulvar intraepithelial neoplasia (VIN) from differentiated-type VIN with the use of appropriate ancillary studies as needed
2. Recognize and diagnose other HPV-independent precursor lesions to vulvar squamous cell carcinoma and understand their molecular basis
3. Understand the importance of correctly classifying vulvar squamous cell carcinoma and its precursors as HPV-associated or HPV-independent

In support of improving patient care, VCU Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Accreditation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

Credit Designation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit(s)**™. **Physicians should claim only the credit commensurate with the extent of their participation in the activity.**
