"Computational Pathology and Artificial Intelligence: Implications for Precision Medicine"

Anant Madabhushi, PhD
Donnell Institute Professor, Biomedical Engineering,
Case School of Engineering Director,
Center for Computational Imaging & Personalized Diagnostics
Case Western Reserve University

At the conclusion of this activity, the participant will be able to:

1. Describe the role of Computational Imaging and Machine Learning in Pathologic Diagnosis
2. Demonstrate the role of computational pathology in precision medicine
3. To examine and analyze the differences between handcrafted and deep learning approaches in computational pathology

Accreditation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

Credit Designation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System designates this live activity for a maximum of 1.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
