“Evaluation of small droplet macrovesicular steatosis in liver transplantation and correlation with clinical outcomes”

Anne Prater, DO
PGY 4
Department of Pathology
Virginia Commonwealth University School of Medicine

At the conclusion of this activity, the participant will be able to:

1. Review background and terminology of steatosis in liver transplantation
2. Discuss evaluation of small droplet macrovesicular steatosis in donor organs
3. Explore future tools for evaluation of liver allografts
