

VCU Pathology Grand Rounds

"Two Simple Approaches to Cancer Control Through Early Detection and Prevention"

AbulKalam M. Shamsuddin, M.D., PhD

Professor

Cofounder of Early Detection Inc

President of IP-6 Research, Inc

At the conclusion of this activity, the participant will be able to:

1. Currently, Early Detection and Prevention of cancer is our best hope of controlling this global scourge
2. Cancer early detection can be achieved through mass screening for the tumor marker TF-antigen by a simple, rapid, inexpensive yet accurate test that is accessible to all
3. Detection of established cancers early would allow appropriate management providing better outcome; detecting precancerous lesions and conditions could be managed by natural cancer preventive agents such as inositol + inositol hexaphosphate (IP6) to "nip it in the bud"

In support of improving patient care, VCU Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Accreditation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

Credit Designation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
