Handling, staging, and select other prognostic parameters in renal cancer

Sean R Williamson, MD
Surgical Pathologist
Clinical Assistant Professor of Pathology
Wayne State University School of Medicine

At the conclusion of this activity, the participant will be able to:

1. Utilize updated staging criteria to handle renal cancer specimens and identify higher stage findings
2. Recognize findings in renal tumor specimens indicating an increased likelihood of local invasion
3. Develop an approach for difficult staging scenarios and communicate uncertainty to medical colleagues
