Update on Molecular Testing for Cytologically Indeterminate Thyroid Nodules

Adebowale J. Adeniran, M.D.
Associate Professor of Pathology; Director of Cytopathology; Director, Cytology Laboratory; Director, Anatomic Pathology Elective
Yale University School of Medicine

At the conclusion of this activity, the participant will be able to:

1. Discuss recent advances in molecular biology of thyroid cancer.
2. Describe application of molecular diagnostics to thyroid fine needle aspiration.
3. Evaluate new platforms for risk stratification in thyroid cancer using cytology material.
