Tumor Infiltrating Lymphocytes in the Breast: Past, Present, and Future

Bryce Hatfield, MD
Surgical Pathology Fellow
Virginia Commonwealth University Health System

At the conclusion of this activity, the participant will be able to:

1. Describe methods of quantifying stromal tumor infiltrating lymphocytes in breast biopsies and resection specimens
2. Understand the prognostic utility of tumor infiltrating lymphocytes in the breast
3. Discuss the implications of tumor infiltrating lymphocytes in immunotherapy

Accreditation: VCU Health Continuing Medical Education of Virginia Commonwealth University Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.
