Boston MA, USA  
\_\_\_\_\_

If you would like to do a presentation, In-Person, at the next Meeting, please send us the Title and your Affiliation.  
\_\_\_\_\_

### **Case 149:**

History: Histological section of mummified intracranial material from an individual of the Mediterranean Bronze Age showing reticular tissue. How do you interpretate the structure on the left of this mummified tissue?

Submitted by: Pedro L. Fernández, MD, PhD., Hospital Germans Trias i Pujol, Universidad Autonoma de Barcelona, Department of Pathology, Barcelona, SPAIN.
